

20 Pearls Size Chart

Items for 20 Pearls have been fit tested and in line with major department store sizing. It is important that your 20 Pearls purchase fit correctly for first time buying confidence and future ordering. Once you confirm your size, this will be your size in all items as the fit will be the same and tested over all apparel styles.

If you are still not comfortable with measuring yourself travel to a department store such as JC Penney and try on misses, womens, petite or tall items and confirm your size.

- 1) **Bust/Chest**- Measure under the arms across the the largest area (1" below arm pits)
- 2) **Waist**- Measure around waist area. Smallest area of waistline
- 3) **Hips**- Measure around the largest area below the waist. This area is normally 8" below the waist
- 4) **Inseam**- Measure any pair of your well fitting pants laid out. Inseam is taken from the inside crotch to the end of the Hem

NOTE: IF YOU ARE IN BETWEEN SIZES, GO TO THE NEXT SIZE FOR BETTER RESULTS. (For Example, if you are a 14-16, select XL for better fit results. It is better to have more room than less)
